EXPERIENCE

Accounting and Controlling Assistant@CFO Office at Travis CI

July 2017 - Present

- [x] Application of P_vs_NP in ODOO Implementation Project _project module_:**

- cubic matrix data structure

- _builder_._expense_._project_

- builder_l-observations_

- project_N-clusters_

- expense_J-variables_

**_premise for adoption_: exponential increase in complexity _matching_ expense(builder) vs expense(project)

**while _NumBui_ and _NumProj_ appr(1-∞)

Current Project**
